Program Nature Walk

Join us during this 2-hour walk through an unique Dutch landscape. Connecting you with the hunters and gatherers who lived here and left landscape markings such as 'hunebeds' and 'grave hills'. Can we decipher their meaning?

Find your own roots by connecting with these places and the nature surrounding them by allowing your heart to be fully open, through time and space, aligning you with your natural state of being.

This walk will be guided by Marieke Akgul, Interspecies communicator and Nature itself. As Nature always surprises us on these conscious walks by bringing forward specific animals, giving gifts like feathers and other messages which Marieke will point out and indicate for those in the group they are meant for.

In addition to this walk a tasty lunch will be served at the 'Schaapskooi' just a few kilometers away by car.

The 'Schaapskooi' will be also the starting point for another great 2-hour adventure this day. An actual shepherd will be added to our team, bringing along 400 sheep. Together we will walk over the Balloerveld. An unique ancient landscape filled with fields of heather. Experience how it has been for many of our ancestors to walk these fields surrounded by lifestock, bringing forward faint memories of other days, other lives maybe even. And enjoy the many stories and biological knowledge the shepherd will share of all we encounter. Perhaps we could even bring forward our own inner shepherd and guide the flock.

This holistic day is a profound way to connect with your heritage, the land you live on but not always live with. Experience the heart shift this day will bring so you will see your own nature and connection with it through a whole different perspective.

You can choose which elements you like to attend of this day as all elements can be booked separately.

Yes, I would like to join this experience and participate in:

- ☐ Nature Walk with Marieke Akgul, ad € 75,-
- ☐ Lunch at the 'Schaapskooi', ad € 15,25
- ☐ Authentic Sheep Herding Experience, with Marieke Akgul and the local Shepherd (incl donation to the Shepherd ad € 36,50
